If there is no school for High School Students on Friday, January 28th because of a scheduled marking day for teachers. In the event school is cancelled during the exam period, the whole schedule simply moves forward and resumes on the day we return (i.e. If there was a storm day on Monday, January 24th and we returned to school on Tuesday, January 25th, Monday's exams would be written on Tuesday and Monday Jan 31 would become the marking day).
